

Cohort 2023-2 Crime Scene Investigations Track Student Comments:

The courses exceeded my expectations and taught me so much information that I am sure will be beneficial in the future. It was amazing! It's a bitter-sweet moment to have completed this program – I wish it didn't have to end.

I enjoyed the mock scenes. I believe they reflected a real crime scene. The PowerPoint presentations and activities were very helpful and informative.

I enjoyed all of the hands-on experience I gained. The courses exceeded my expectations, giving me the knowledge and experience to pursue a career in the forensic field. The instructors were extremely knowledgeable and willing to help students understand the materials.

I was pleasantly surprised by the structure and lessons. I didn't think we could fit in as much as we did in the time allowed. I believe I have a solid foundation to build from for my future career. Thank you, Erika and Yvette!

I liked working and learning from women in the field and am thankful for the opportunity to participate in the cohort. The instructors are very knowledgeable.

I loved the ability to be hands-on with everything. I learn a lot better by actually doing things. The CSI track exceeded my expectations and was more fun than expected.

I liked that we were taught by people who actively work in the field. The quality 100% met my expectations. I appreciated the hands-on work that mirrors the real world. I now have many examples that will be helpful when applying for jobs! Thank you, Erika and Yvette.

I loved the chemical processing scene and the 3D impressions. I also liked seeing the case scenarios. Everything was great! I learned so much about CSI and am happy to have been part of the program.

I liked everything! The track courses exceeded my expectations and convinced me that I found my calling. I love that it was a learn-by-doing approach.
