Leaves of Absence Regulation

University Catalog • Withdrawals and Leaves • Leaves of Absence

Students may petition for a leave of absence for such reasons as:

- Professional or academic opportunities, like travel or study abroad;
- Employment related to educational goals and major fields of study or participation in field study or research projects;
- Medical reasons, including pregnancy, major surgery, and other health-related circumstances; and
- Financial reasons, such as the necessity to work for a specified period to resume study with adequate resources.

Evaluation of petitions for leaves of absence takes into account the student's stated plans and the extent to which a leave would contribute to educational objectives. Students are expected to plan their time of return and their activities during the leave. They must also state why it is critical to remain in continuous residence. In the case of medical or financial leaves, they must state how they plan to remain current with or advance in their academic field.

Undergraduate students may request a leave for no fewer than 2 and no more than 4 semesters. Graduate students are granted a maximum of 2 semesters, subject to renewal. Continuing students' allowed absence of 1 semester is included in these maximums.

Petitions must be emailed to the Records Office at records@calstatela.edu after action by the student's major advisor (also the college graduate dean in the case of graduate students) before the first day of instruction for the term during which the leave commences. Approval entitles students to continuing status for registration purposes if they return no later than the semester specified in their petition. Continuing students who return from a leave are not required to file an application for readmission.

Undergraduate students retain current catalog requirements for graduation; classified postbaccalaureate and graduate students retain classified standing. Unclassified postbaccalaureate and conditionally classified graduate students who have an approved program on file in their college graduate studies office are subject to the conditions of those programs. All others are subject to the requirements in effect when they return.

Additional Eligibility Criteria:

- Student must have completed at least one semester in matriculated status (i.e. earned grades other than W or WU).
- Student may not be on Academic Disqualification at the time of petitioning.

International Students (F Visa):

International students in the United States for the sole purpose of education (F visa holder) are required to maintain full-time enrollment each semester. Approval of a leave of absence request by the University does not waive this requirement. Therefore, F visa students should request a leave of absence only if they plan to exit the United States during their time away from Cal State LA.
