

## **Industrial Technology (ITEC) to Engineering Technology (ETEC) Major Change Guidelines**

### **1) To change major from pre-ITEC to pre-ETEC:**

**To change major from pre-ITEC to ETEC, PRE-ITEC students must:**

- Pass MATH 2110, CHEM 1000 (CHEM 1100 or CHEM 1040 acceptable), and PHYS 1560/1570 (PHYS 2100 acceptable) with C- or better by 60 completed units.

### **2) To change major from ITEC or Engineering to ETEC (including transfer students), ITEC students must:**

- = • Pass MATH 2110, CHEM 1000 (CHEM 1100 or CHEM 1040 acceptable), and PHYS 1560/1570 (PHYS 2100 acceptable) with C- or better
- Be able to complete the ETEC major within 144 completed units total
  - Exceptions to this requirement may be approved by the Technology Department Chair and the University.
- If you have completed or enrolled in Senior Design (Tech 4950) by Fall 2021, then you are not eligible to switch to ETEC.

We will have an Informational Meeting for the current PRE-ITEC Students.

The ITEC program will continue to operate until all current students in good standing (those beginning in Fall 2021 or before) have completed their degrees.

The first possible graduation semester for new ETEC program is Spring 2023 provided all requirements are met.
